THE FUN FARM ORIGINS

We are a small family run business that offers a personalised service and a non commercial atmosphere. Originally we were farmers and 3 years ago decided to diversify into an open farm and ultimately a children's activity centre.

WHAT TO EXPECT

Every visitor can join in with the hands on animal feeding and ask the farmer anything about the animals from breeding them, feeding them to treating them if they are poorly.

The farmer and his wife are always on hand to answer any questions you may have about farming and the countryside. In short, you can make your visit as educational as you want!

The layout of The Fun Farm is very child and parent friendly. You can watch your children play outside or inside or ride the quad bikes from the comfort of the log fired from our specially designed café or go out and join them. It's not just the children that have plenty of fun on the indoor and outdoor play equipment.

There is plenty for the adults too, such as the barrel train, quad biking, apple juice making and the animal feeding. Our friendly staff will truly make your day out a unique and unforgettable experience.

TRAMPOLINE

RED DEER & DONKEYS

For a truly unique experience all year round feed one of the friendly deer, see the baby deer in July or ride one of the donkeys

Every afternoon you can handle one of the many reptiles at the Farm, including snakes
