

Discover Wildwood

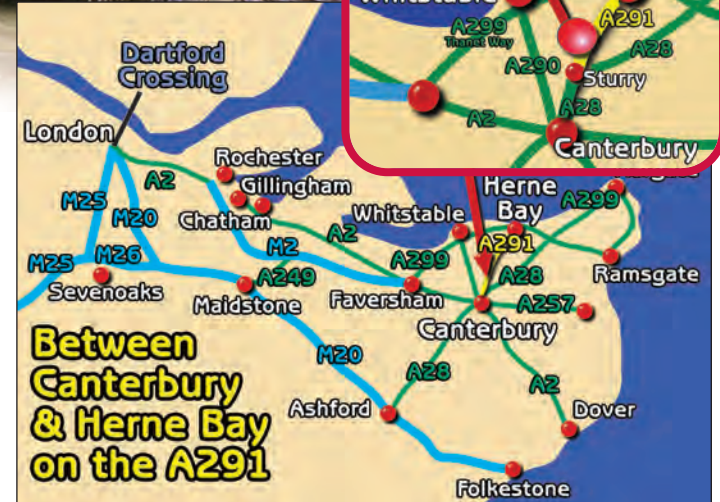

Wildwood's expert keepers will help you see animals close up - weekends & holidays

Discover Wildwood Today...

Get nose to nose with nature here at Wildwood as you meet the real live animals from the British countryside in their most natural of settings, an ancient woodland that dates back to the Domesday Book.

Hear a pack of wolves send their wavering howl through the trees as they would have done 1,000 years ago, or a deer stag deeply bellowing his challenge, the purr of a lynx, a tawny owl hooting to claim his territory and the snorting and snuffling of wild boar as they root through the woodland floor.
